## RESEARCH

EMORY FAMILY MEDICINE RESIDENCY, 2019

**“DEVELOPING A CULTURALLY-TAILORED SOCIAL-NETWORK BASED GROUP VISIT MODEL FOR SOUTH ASIANS WITH TYPE II DIABETES IN ATLANTA”** P.I. *Dr. Megha Shah*

The purpose of the study was to develop tailored lifestyle strategies for diabetes prevention and management for South Asians with type II diabetes.

AUGUSTA UNIVERSITY – UNIVERSITY OF GEORGIA MEDICAL PARTNERSHIP, 2014

**“PREDICTORS OF HEART FAILURE READMISSION”** P.I. *Dr. Jonathan Murrow*

**Presented at Summer Research Symposium & Athens Regional Medical Center**

The aim of the study was to identify non-medical factors that contribute to readmission in the heart failure population including geography, race, gender, insurance type, transportation, health literacy, and medication adherence.
